The classification of the athletes takes into account the day / month / year of birth. In both Kata and Kumite, Cadet athletes can also compete in the Juniors, while Under 21 athletes can also compete in the Senior.

Race Kata

In the Kata race the participants will compete with the following grade subdivisions:

1) up orange belt; 2) green / blue belts; 3) brown / black belts.

The choice of Kata is based on the provisions of the arbitration regulation available on the federal website www.karateitalia.eu (please note that only the kata can be repeated in several trials, limited to participants up to the orange belt).

It should be remembered that the kata race is interstile (with separate classification by style only from cadets onwards).

Race Kumite

1) up orange belt; 2) green / blue belts; 3) brown / black belts.

The competition is held as per the arbitration rules available on the federal website www.karateitalia.eu

It should be noted that all Kumite athletes (weight control will be random) those who will be found "out of weight", will be excluded from the race (without the possibility of competing in the upper and / or lower category).
